BSc. in Software Engineering	2015-2019
<i>Saint-Petersburg State University</i>	
The Faculty of Mathematics and Mechanics	
Software Engineering and Administration of Information Systems	
Department of Software Engineering	

WORK EXPERIENCE

Software Engineer	August 2020 - Present
<i>ozon.ru</i>	
<ol style="list-style-type: none">1. Implemented discount requests from users to sellers. It's used by thousands of users per day with great GMV and feedback from sellers.2. Implemented 'buy together' marketing actions that allow users to buy seller products as a group with discounts because of low wholesale prices.	
Software Engineer	January 2019 - July 2020
<i>Panoramik Games</i>	
<ol style="list-style-type: none">1. Reduced time to market for new games by implementing common configuration and localization services. The services also allow configuration fixes on the fly.2. Increased stability of games and core platform projects by implementing unit and performance testing systems.	

OTHER EXPERIENCE

Skills

Advanced Linux user (use Arch btw), vim, terminal and bash lover
Writing personal wiki for knowledge management
